### "According To My Heart"

Visit "[According To My Heart](#)" on MotoLyrics.com

According to my heart you're the one for me  
The one love of my life is here when you're with me  
If someone stole your love my heart would beat no  
more  
For you're the only one my heart is longing for

Though I don't know the reason why my dreams don't  
turn out right  
Still I'll keep listening to my heart who knows someday  
they might  
According to my heart the future will be bright  
And every day I pray that my heart knows what's right  
[ steel ]  
According to my heart...  
And every day I pray that my heart knows what's right
