AIN'T THAT RIGHT

(Hank Mills)

Â« Â© '66 Johnny Bienstock Music, BMI Â»

Adam ate an apple ain't that right
Adam ate an apple ain't that right
He took a teensy weensy bite the world went wrong
from right
Adam ate an apple ain't that right

The world is in a tizzy ain't that right
The world is in a tizzy ain't that right
From the rich man to the bum hands out gimme some
The world is in a tizzy ain't that right

You tell me you love me ain't that right
You tell me you love me ain't that right
Every kiss is just a lie why why why why
You tell me you love me ain't that right

David slew Goliath ain't that right
David slew Goliath ain't that right
Oh oh oh believe it or not sing sang swing shot
David slew Goliath ain't that right

Daniel tamed the lions ain't that right
Daniel tamed the lions ain't that right
He knew that he couldn't get out so he said hush now
Daniel tamed the lions ain't that right

You don't care I love you ain't that right
You don't care I love you ain't that right
You say hello then you say goodbye and I cry cry cry
cry
You don't care I love you ain't that right
You don't care I love you ain't that right
You don't care I love you ain't that right
