I go all to pieces at the sight of of you

I tried to look the other way when you're around
But that takes more strenght than can be found
I just get weak as memories pass through
I go all to pieces at the sight of of you

How could anyone control me so completely
And make me do the crazy things I do
Little things like forgiving you for being so untrue
I go all to pieces at the sight of of you

[piano]

You've hurt me so many times that I've lost track
Yet given half a chance I take you back
You're the master of my life and there's nothing I can
do

I go all to pieces at the sight of of you
I go all to pieces at the sight of of you
