Well, the seasons come and the seasons go  
And the reason you left is I'll never know  
There will be others, yes, I know it's true  
But they won't do like I did for you

My love will not change  
My love will not change  
It just rolls like a river to the sea of your name

My love will not change  
My love will not change  
It's as steady as the rhythm of the pouring rain

Strong as the wind 'cross the mountaintop  
Hey, my love is movin' and it just won't stop  
I turned you loose, honey, I let you fly  
Now all I can do is hang my head and cry

My love will not change  
My love will not change  
It just rolls like a river to the sea of your name

My love will not change  
My love will not change  
It's as steady as the rhythm of the pouring rain

My love will not change  
My love will not change  
Might as well try holding back a fast freight train

My love will not change  
My love will not change  
Baby ask me tomorrow and I'll tell you the same

My love will not change  
My love will not change
