THREE TIME LOSER

(B. Floyd)

Â« Â© '65 Yonah Music Â»

Well my first love was Norma Jean and I really love this queen
We plan to be married in the fall
But this old heart got reckless Norma Jean got restless
Then one day sweet Norma says that's all
And that makes me three time loser three time loser
I watch them all three walk right out the door
Cause I'm a three time loser three time loser
And I don't think I'll try for number four
Well the second time I chanced to fall I thought it was a true love call
Somehow things just didn't work out right
Cause Susie wanted money and all I had was honey
As Susie failed to make it home one night
And that makes me three time loser...
Well I tried tree and that's all for me looks like love's not meant to be
And I'm afraid to try for number four
Hm my heart's had such a bad fix got that way from lots of chicks
I don't think I'll try to love anymore
Cause I'm a three time loser...
No I don't believe I'll try for number four
