My whole life's saving's a two dollar bill  
That's why I'm here tonight I've got time to kill  
And I can tell my story about twenty times  
Two dollars in the jukebox one dime at a time

Two dollars in the jukebox a dime at a time  
Play the same old song about a love gone wrong till  
closing time  
Two dollars oughta do me if you'll buy the wine  
And I'll put in the jukebox one dime at a time

Pardon me mister mind if I sit down  
Misery likes company and I believe I've found  
somebody just as lonely  
I dont believe I'm wrong  
If you had a place to go to  
You'd a done been gone
