Well I broke up with my little girl today the third one this week  
I asked her what was wrong with me she said son  
you're just too sweet  
Oh I don't know what gave her what I did I thought I'd  
take her advice  
Cause I'm gettin' sick and tired of hearin' them say that  
I'm just too sweet and nice

A woman don't like a good man a good man a good  
good good man  
Woman don't like a good man so I'm a gonna turn out  
bad

I'm going out most every night some bad things I have  
done  
But I'm here to tell it every man around that I'm having  
twice as much fun  
Well I make every honky tonk in this town I walk around  
with a drink in my hand  
Then I hang a cigarette from my bottom lip and I dance  
to a swinging band

Cause a woman don't like a good man...

I don't know how long I can go on a bad man even gets  
tired  
It's all so gettin' expensive you know and furthermore I  
just got fired  
But the girl is still just a pickin' flies I can't get them all  
from me  
And this is what true happiness is and happy I'm a  
gonna be

Cause a woman don't like a good man...
