Doo do do do doo a doo do do do doo

On a bareback camel I rode across Egypt
Without water in the blistered sun
And in Spain I stood calmly without even a cape
And for the bull he was too tired to run
Bound and tied a gagged and nailed in a barrel I went
over Niagara oh yes
But baby last night when you said you loved I turned
into a quivering mess

Cause women do funny things to me women do funny
things to me
I'm usually perfectly calm and collective and curious as
I can be
But ruby lips swingin' hips bitter minds tender sighs
Pretty curls and flirty girls I see they do funny things
to me

Without a guide or a gun I went a huntin'
Killed a tiger with my two bare hands
Without a rope and barefooted I climbed Mount Everest
And didn't even get a blister on my hand
Through the Okefenokee I waded pass the gators
And the snakes and skeeters and flies
But baby last night when we started kissin'

I said Lord I can't stand it I'm gonna die

Cause women do funny things to me...

Without a dog or a sled I walked across the Yukon
It was spring but it was forty below
And when they began to plan for the moon
Guess who volunteered to go
Yes I'm always ready to show my courage and my
extreme bravery
But baby last night when you talked marriage you
scared the living outta me

Oh women do funny things to me...
Funny things to me doo do do do doo funny things to

me
