here she comes, that little town flirt
you're fallin for her and your gonna get hurt
yeah i know she's gonna treat you wrong,
so your heart just better be strong

cos you can get a hurt, hurt hurt hurt
yeah you can get a hurt hurt hurt hurt hurt
foolin around, with that little town flirt

here she comes, just look at that style
she's lookin at you, giving you that smile
yeah i know it's so hard to resist
the temptation of her tender red lips

but you can get a hurt, hurt hurt hurt
yeah you can get a hurt hurt hurt hurt hurt
foolin around, with that little town flirt

i know, how you feel, you think her love is real
you think this tiem she'll be sincere
but she thinks you gotta paper heart
when she starts to tear it apart

you can get a hurt, hurt hurt hurt
yeah you can get a hurt hurt hurt hurt hurt
foolin around, with that little town flirt
