Pissin' on your steps

It's D E L Tha Funkee Homosapien to the rescue  
I'm solo and threw a bolo and left two  
Dancers back on soul train  
And ya know soul train, get the phat doodie stain

Now what ya gonna do with the board with no talent  
Using step 1 and step 2 to keep the show valid  
Let's have a vote and try to register our ballots  
And realize a hammer's just a mallet

Toss him like a salad 'cause he ain't truly gifted  
Now the party's lifted by the crew hieroglyphics  
Golly-wolly, not another Elvis and Priscilla  
Ice is cool but I can't stand vanilla

Because he takes a style and tries to mock it  
Ain't nothin' personal, G, but I'm kinda into chocolate  
It's all about the black and it's like that  
And I'm so laid back 'cause I smoked a phat sack

Plus I'm almost through and done with a  
Whole 40-dog of Old English 800  
Now I peep ya concept, ya think ya got a rep?  
Dance all day, while I'm pissin' on your steps

Ooh, pissin' on your steps  
Ooh, pissin' on your steps  
Ooh, pissin' on your steps  
Ooh, pissin' on your steps

[Incomprehensible] I don't think so  
[Incomprehensible] I don't think so

No Del is not a mean fellow  
Just because I wanna turn your dance shoes yellow  
See I'm rather mellow, some call it lazy  
Me and myself and I ain't with the daisies

'Cause I'm no goddamn flower  
And every single dancer in circumference receives a

golden shower  
I'm here to insult the hip hop John Travolta  
Ya think ya all that but really you're shorter than a  
midget

I don't fidget, with the ballet, fuck a dancer  
Because that's what my pals say  
And brothers don't shake ya rumps  
Wearin' biker shorts is like chokin' on ya nuts

Because ya might end up with a cramp or a hernia  
And that's much worse, than a fine girl burnin' ya  
Plus it ain't fly for you to have your behind  
Blasted all out like a feline

See I'm givin' you advice make ya think twice  
'Cause dance groups don't last past minute rice  
So change ya concept acquire some skills on the mic  
While I'm pissin' on your steps

Ooh, pissin' on your steps  
Ooh, pissin' on your steps  
Ooh, pissin' on your steps

I gotta take a leak for the weak  
I gotta take a leak for the weak  
I gotta take a leak for the weak  
I gotta take a leak for the weak  
I gotta take a leak for the weak  
I gotta take a leak for the weak

Who do you think you are  
Pissin' on your steps?  
Who do you think you are  
Pissin' on your steps?

Who do you think you are  
Pissin' on your steps?  
Who do you think you are, ooh
