### "Sever"

Things that I thought I had put far behind  
Find the mind, connect to sever  
I felt deeply how my feelings combined  
It is like they'll never sever

In a way I started today  
To weave garlands for the grave  
Which will break me till my knees bend  
Which will leave me with nothing in the end

In a blatant mind, my thoughts have entwined  
But if you feel the real they will divide  
From beyond within, the heart plays it's part  
The real and fake forever sever
