We are at war
Fight to the death
Prepare for attack
We will devil's soldiers

We wanna kill you
The gates of hell are open

Holocaust
Fighting and killing

We will not defeated
Sacrifice is your pain
Pentagram of blood
We go down fighting

We wanna kill you
The gates of hell are open

Holocaust
Fighting and killing

Blitzkrieg tactics
Bloody face and bloody body
Mass devastation
It's dark and grey

We wanna kill you
The gates of hell are open

Holocaust
Fighting and killing
