Endless war
The black war comes with fire
Infernal death
Fallen angels of doom

Fight till death
Master of storms

Nuclear warheads
Son of evil
Nuclear warheads
Son of evil

Bestial fire
Death comes from the unknown
Total destruction
It's the nuclear metal attack

Fight till death
Master of storms

Nuclear warheads
Son of evil
Nuclear warheads
Son of evil

Total death! Total war!
Under the sign of evil
Hell and damnation
Only death is real

Fight till death
Master of storms

Nuclear warheads
Son of evil
Nuclear warheads
Son of evil
