Open the gates of hell
Give me metal thunder
Bloody pentagram possessed by Satan
Raging metal till death

Throwing the beer bottle to poser face
Beat! Fuck you! Satan
Throwing the beer bottle to poser face
Beat! Fuck you! Satan

Satanik metal fucking hell
Satanik metal fucking hell
Satanik metal fucking hell
Satanik metal fucking hell

Every day every night
We play on metal demon
666 fucking beer
Nuclear war hell!

Throwing the beer bottle to poser face
Beat! Fuck you! Satan
Throwing the beer bottle to poser face
Beat! Fuck you! Satan

Satanik metal fucking hell
Satanik metal fucking hell
Satanik metal fucking hell
Satanik metal fucking hell
