"Shoot To Kill And Die"

They fight with drowsiness
Staned into the darkness
Deceitful and malicious
When will this dreadful nightmare

Darkness all around me now
Combative in
Exterminations
Back to war

War!
Shoot to kill and die

I am into war
Life is what you wanna buy
Celebrate and enjoy
Delight in slaying

Darkness all around me now
Combative in
Exterminations
Back to war

War!
Shoot to kill and die

I'm evil I'm hell
My body in pieces
Insane death
Get down six feet under

Darkness all around me now
Combative in
Exterminations
Back to war

War!
Shoot to kill and die
