I've seen it all and I said
She's calling out to us all
And I ache
She did not know it belonged to me
And we could fall into each others arms and severed
clean
Oh where to lean
Now, it's something that I could've asked for
Apparently
We're not alone
And I don't know what I saw
And I hope that no one saw
Stand by my side

Better off dead [x3]

You seem a little low again
I'm ready to leave again
Seem a little
And eyes start to roll
I reveal [x2]
To see that little glow again
I'm ready to leave again
Seem a little low
And the wheels start to roll
I reveal [x2]
To see that little glow

I've seen all that's there
And I seen it all and I said
It's calling out to all and I ache
She did not know it belonged to me
And it was something that I couldn't ask for [x2]
Better off dead [x2]
Seem a little low again
I reveal
Seem a little glow again
To see that little glow again
Seem a little low
And the wheels start to roll
I reveal
I rebel

To see that little glow again
Seem a little low
And eyes start to glow
I reveal
