Danger danger, eyes on fire
She's dressed down, revved and ready to go
Waiter waiter, something stronger
She's stealing glances, ready to go
Breathe her in and tip the glass
She's dressed down, revved and ready to go
One by one, she draws them in
Just to let them go

Don't believe a word she says
She's got a way of getting
What she wants when she wants it
From whoever's got it
And she'll break your heart if it's in her way

Scandal scandal, dark apartment
She's dressed down, revved and ready to go
Shiver shiver, at the touch
She's stealing glances, ready to go
Shut the blinds and lock the door
She's dressed down, revved and ready to go
Inch by inch, she draws me in
Just to let me go

Don't believe a word she says
She's got a way of getting
What she wants when she wants it
From whoever's got it
And she'll break your heart if it's in her way

Don't believe a word she says
Don't believe a word she says
She'll break your heart if it's in her way

Don't believe a word she says
She's got a way of getting
What she wants when she wants it
From whoever's got it
She'll rip your heart out to get her way

Don't believe a word she says

She's got a way of getting
What she wants when she wants it
From whoever's got it
She'll break your heart if it's in her way

Don't believe a word she says
Don't believe a word she says
She'll break your heart if it's in her way

She's dressed down, revved and ready to go
She's dressed down, revved and ready to go
