The only way you've got a good thing going  
Shown up a natural bit  
But you want it your way  
And I want it my way  
And sometimes we just wanna quit  
The only way we gonna get it right  
Is step up and face the price  
It takes a little give and take  
We've got to bend before we break  
We gotta deal with it  
Go on and do the best we can  
Things they ain't always gonna work out  
the way we planned  
You know we've got out problems  
You might as well admit it  
Let's get on down to working it out  
And deal with it

Now honey if you run for trouble  
It's gonna catch us in a itch  
And just when we think  
We're out of it's reach  
We'll here it come around again  
We gonna work together  
It's gonna get worse before it gets better  
Two love is on the line  
Lord knows we're Gotta keep on trying  
We're gonna deal with  
Go on and do the best we can  
Things they ain't always gonna work out  
the way we planned  
You know we've got out problems  
You might as well admit it  
Let's get on down to working it out  
And deal with it

Let's get on down, darling

Ha, ha, ha  
You know  
if you weren's so damn hard headed

we couldn't have  
no trouble girl

I don't know what you're talking about.

You're right

We're gonna deal with  
Go on and do the best we can  
Things they ain't always gonna work out  
the way we planned  
You know we've got out problems  
You might as well admit it  
Let's get on down to working it out  
And deal with it  
Let's get on down to working it out  
And deal with it

How about you  
I've read about it

You gotta deal with it  
You gotta deal with it  
I gotta deal with it  
I gotta deal with it

Come on down and I'll explain it to you  
Deal with it, baby  
I'm doing the best I can  
I'm gonna try  
I ain't gonna make no promise, but I'm gonna try  
We'll see what's happening now
