"Girl's On Fire"

Never thought I'd see her smile
Yeah the girl is on fire
Never thought I'd see her smile
Yeah the girl is on fire

Well alright, alright, alright
I'm coming round today
Well alright, alright, alright
I'm coming round today

Never thought I'd see her smile
Yeah the girl is on fire
Never thought I'd see her smile
Yeah the girl is on fire

Well alright, alright, alright
There's so much more to say
Well alright, alright, alright
There's so much more to say

Never thought I'd see her smile
Yeah the girl is on fire
Never thought the time was right
Yeah the girl is on fire

Coz we stayed out too long
Playing in the sun fire in your eyes
Fire in your eyes, yeah we stayed out
Too long playing in the sun
Fire in your eyes, fire, fire, fire, fire

Never thought I'd see her smile
Yeah the girl is on fire

It's in your eyes, it's in your eyes
