"Keep It Simple"

oooooh move your head from side to side,
don't look down, take your time.
you're all dressed up, nowhere to go,
don't look down, don't say no.
ooh and all i see is you on your knees tonight.

baby, let's keep it simple.
now baby, what's on your mind?

i lose my faith from time to time,
i've traced these tears on the rise.
ooh the tide rolls in and picks you up
and i'm left with out ya.
but oh, oh and all i see is you on your knees tonight.

now baby, let's keep it simple.
baby, what's on your mind?

words come later than they should,
there's no spell to break this mood.
it ruins, nothing doing.
and for the longest time i'm right.
the dying embers of lonely night.

but i'm still hoping there's time,
i'm still hoping there's time,
i'm still hoping there's time,
i'm always hoping there's time.

baby, let's keep it simple.
now baby, don't waste my time.
now baby, winter has broken.
now baby, spring's open wide.

but i'm still hoping there's time,
yeah, i'm still hoping there's time,
and i'm still hoping there's time,
yeah, i,m still hoping there's time,

baby, i'm still hoping there's time,

let's keep it simple.
i'm still hoping there's time,
baby, i'm still hoping there's time.

let's keep it simple.
i'm still hoping there's time,
but i'm still hoping there's time.
