"Nearer Than Heaven"

Visit "[Nearer Than Heaven](#)" on MotoLyrics.com

You are nearer than heaven
I get the feeling I get nearer by the day
I've seen
The people go forever descending
It's when we're all inside
That summer's on the
Way

Bullet took it easy dollar lit the room
Monsters making the evening news
Packing up
A round trip, I get in the way

Now I know that
You are nearer than heaven
I get the
Feeling I get nearer by the day
I've seen the people go forever descending

It's when
We're all inside
That summer's on the way

We could talk forever,
Nothing would get
Done
Stake your claim on the morning sun
I get in the way

Now I see that
You are
Clearer than heaven
I get the feeling I get nearer by the day
I've seen the people go
Forever descending
It's when we're all inside
That summer's on the way
Yeah
Yeah.....
