Two in the mornin' too hot to sleep  
Tossin and turnin' and twistin' the sheets  
I feel an old weakness comin on strong

Window wide open in the back bedroom  
Smell of sweet huneysuckle in full bloom  
I feel an old weakness comin on strong

Chorus:  
Feel like I'm running real low on will power  
Cant' get you out of this heart of mine  
From the break of dawn til the midnight hour  
I keep fightin to let you go  
But your love is beyond my control

Lead  
(repeat chords, verse & chorus)

Took down that picture of you and me  
But every time I look up where it used to be  
I feel an old weakness comin on strong

Still got your number next to the phone  
Just when I believe I can leave it alone  
I feel an old weakness comin on strong

Feel like I'm running real low on willpower  
Cant' get you out of this heart of mine  
From the break of dawn til the midnight hour  
I keep fightin to let you go  
But your love is beyond my control  
I feel an old weakness comin on strong

I feel an old weakness, I feel an old weakness  
I feel an old weakness comin on strong"
