### "Pieces"

Here I am again with a head to mend and little else  
beside,â€”

There's nothing like a friend to throw you out of time  
Running into walls when the siren calls, I don't know  
what to tryâ€”â€”

There's nothing on TV, and staying in's a  
crimeâ€”â€”â€”â€”

So I can't drive  
But I'm learning to arrive  
Without damaging the exit signâ€”â€”  
I'll pick up my pieces on the way outâ€”â€”â€”â€”

I don't wanna go with the voice unknown and drag you  
from the deepâ€”â€”

I'd rather be alone, than next to you asleepâ€”â€”  
Running into walls when the siren calls, I don't know  
what to tryâ€”â€”

There's nothing on TV and staying in's a  
crimeâ€”â€”â€”

So I can't driveâ€”â€”  
Well I'm learning to arrive  
Without damaging the exit signâ€”â€”  
I'll pick up my pieces on my way outâ€”â€”â€”

We are  
We know  
We areâ€”â€”  
We don't becomeâ€”â€”  
We go  
Wherever you came from wherever you go
