You fear me don't come near me  
So pretty I'm alive  
You fear me don't come near me  
So pretty I'm alive

Run away now, run away, run away,  
Run away now, run away

We'll get through this I can prove  
There's more than light in your eyes  
Earth it's true it gave me you so try

You read me don't believe me  
No reason I can find  
You read me don't believe me  
No reason I can find

Come and lay down,  
Come and lay, come and lay  
Come and lay down  
Come and lay

We'll get through this I can prove  
There's more than light in your eyes  
Earth it's true it gave me you so try  
We'll get through this broken movie  
As long as I'm in your sights  
Earth it's true it gave me you so try

We'll get through this broken movie  
As long as I'm in your sights  
Earth it's true it gave me you so try

We'll get through this I can prove  
There's more than light in your eyes  
Earth it's true it gave me you so try
