She's got a roof that don't leak, when the rain's pouring  
down

She's got a place I can sleep. where I'm safe and sound

She's got a lock on her door, but she gave me a key

She don't walk the floor, but she worries about me

Chorus:

Her love has no strings, shackles or chains

But I'm holding on for dear life

She's like rolling a seven, everytime I roll the dice

She's got a big Oldsmobile, she's got a dog that won't  
bite

She's got a heart I can steal, just like a thief in the night

She's got a slow burning fire, she keeps the radio low

When she gets inspired, we let the good times roll

Chorus

Break

Chorus

Everytime I roll, everytime I roll, everytime I roll sing  
these 2

Everytime I roll the dice / lines 4 times
