Thanks but no thanks, baby  
I've already got more trouble than I need  
Thanks but no thanks, baby  
I've already got more trouble than I need  
I don't want no lonely lustful woman's  
Irate husband after me

I've been around a little bit  
I've got me some stories I could tell  
I've been around a while now  
And I've known some lovely women rather well  
I've been dazed and amazed  
I've been a witness to a redone Cajun spell

Honky tonkin', I guess I done me some  
I've seen the bullets in the chamber  
From the other end of the gun  
Well, I've been in lots of battles  
That weren't even worth being won  
Honky tonkin', I guess I done me some

I've been around a little bit  
I've got me some stories I could tell  
I've been around a while now  
And I've known some lovely women rather well  
I've been dazed and amazed  
I've been a witness to a red bone Cajun spell

Honky tonkin', I guess I done me some  
I've seen the bullets in a chamber  
From the other end of a gun  
Well, I've been in lots of battles  
That weren't even worth being won  
Honky tonkin', I guess I done me some  
Honky tonkin', I guess I done me some
