I quit drinkin' I quit smokin'
I quit lyin' and I quit jokin'
I quit some things I really ought to do
I quit teasin' I quit cheatin'
I quit all my Midnight creepin'
But I can't quit you

I quit hurtin' I quit hatin'
I quit foolin' and I quit wastin'
I quit some things I really ought to do
I quit fussin' and I quit cussin'
I quit everything disgustin'
But I can't quit you

I tried and I tried, I cried and I cried
But nothin' seems to work
Instead of things gettin' better
I swear they're gettin' worse

I quit rollin' and I quit rockin'
I quit everything that's shockin'
But I can't quit you.

I quit hurtin' I quit hatin'
I quit foolin' and I quit wastin'
I quit some things I really ought to do
I quit fussin' and I quit cussin'
I quit everything disgustin'
But I can't quit you

I tried and I tried, I cried and I cried
But nothin' seems to work
Instead of things gettin' better
I swear they're gettin' worse

I quit rollin' and I quit rockin'
I quit everything that's shockin'
But I can't quit you
But I can't quit you
