After my baby quit me  
I wouldn't even go outside  
And when my friends tried to fix me up  
I'd crawl up underneath my bed and hide  
I knew I was never gonna change my luck  
'Til I got my courage up enough to try  
And when I went ahead and spread my wings  
I found out I could fly

Sometimes all it takes is a leap of faith  
Sometimes all it takes is a leap of faith

I had no way of knowing  
What would come from our first kiss  
It scares me now just to think about  
The good love I might have missed  
Now I was just trying to find some help  
I was trying to see myself as a survivor  
I had to rise on up on the ashes of love  
And jump back into the fire

Sometimes all it takes is a leap of faith  
Sometimes all it takes is a leap of faith

Sometimes you've go to believe  
Before you see the proof  
You can wait a lifetime  
For a moment of truth

Sometimes all it takes is a leap of faith

Sometimes you've go to believe  
Before you see the proof  
You can wait a lifetime  
For a moment of truth

Sometimes all it takes  
Sometimes all it takes  
Sometimes all it takes is a leap of faith
