Baby, I've found a way to stop all this fussin', yeah  
It's just not right, baby, the way that we fight  
Girl, if you would only listen to what we have to say  
We could stop all this fussin', baby, we could do it this  
way

Let love come between us  
Let love bring us together  
Let love be born today  
Let love, let love live forever  
Let love

I don't believe that you realize  
How much I need you, baby, and the way my heart  
cries  
It's so hard for us just to get along  
So come on and listen, baby, to the words of my song

Let love come between us  
Let love bring us together  
Let love be born today  
Let love, let love live forever  
Let love

Let love come between us  
Let love bring us together  
Let love be born today  
Let love, let love live forever

Let love come between us  
Let love bring us together  
Let love be born today  
Let love, love, love, love,  
Love, love, love love,  
Love, love
