Now look here, honey
I've got all this money
So let's me and you go
Down to Mexico

We'll find us a haystack
You know, a place we can lay back
A bottle of red wine
A whole lot of sunshine

And I'll be lovin' you, lovin' you
We'll do all the things those Latin lovers do

They got sandy beaches
We'll find someone to teach us
A way to a hideaway
Where can't nobody reach us
We'll find us a rainbow
and chase it all day long
And when the sun goes down
And there's no one around
That'll be OK 'cause we don't need 'em anyway

We can make believe
We're adrift on the sea
On a slow boat to China, baby
Just you and me

They got sandy beaches
We'll find someone to teach us
A way to a hideaway
Where can't nobody reach us

Won't be no hurry
Won't be no worry
We got plenty of time
'Cause love is blind

I'll be lovin' you, lovin' you,
Baby, baby, baby, that's all I want to do
I wanna make love to you, make love to you
Ooh, baby, baby, that's all I want to do
