Honey I know you got a good job, you're out there  
makin' all that dough  
But they keep you late workin' that overtime, and I don't  
ever see you no more  
I guess you're not checking your message machine,  
seems like you're never in  
I got a hunch if we could just do lunch I could get your  
attention again  
I know you got your schedule and you're keepin'; it  
tight  
You got somethin' goin' mornin', noon, and night  
But I got somethin' I know you're gonna like  
Honey, can you squeeze me in

I got it circled in red on the calendar, baby, you told me  
tonight's the night  
Got the champagne chilled, got a gourmet meal, soft  
music and candlelight  
I try to get you on the phone, I get stuck on hold, I  
guess you keep getting sidetracked  
I been faxin' you love notes all day long, but you don't  
ever fax me back  
I know you got your schedule and you're keepin' it tight  
You got somethin' goin' mornin', noon, and night  
But I somethin' I know you're gonna like  
Honey, can you squeeze me in

Whoever said it's a man's world don't know what he's  
talkin' about  
You got me workin' around the clock, honey, tryin' to  
figure you out  
I know time is money, but there's more to life honey  
than how much you can spend  
You got to make a little time for the good times, so  
honey can you squeeze me in
