Alone and far away from you  
And I'm feelin' just a little bit blue  
Lyn' here alone in bed  
Like butter without any bread  
Nothin' but you on my mind  
I spend a lot of time killin' time  
But nothin' can take your place

I can't wait 'til when  
I see you again  
Until then

I tell myself it wont be long  
'Til all this missin' you will be gone  
And everything will be alright  
Tonight again when I pretend  
Until then

I'm struttin' it up and kickin' it down the street  
You are my all for everyone to see  
I'm gonna hold you give you kisses that wont ever end  
We got a lot of catchin' up to do but  
Until then

I tell myself it wont be long  
'Til all this missin' you will be gone  
And everything will be alright  
Tonight again when I pretend  
Until then

I'm struttin' it up and kickin' it down the street  
You are my all for everyone to see  
I'm gonna hold you and give you kisses that wont ever  
End  
We got a lot of catchin' up to do but  
Until then until then  
Oh yeah  
Got it all goin' on baby  
Right here in my head  
Woo-whooo
