[Versus 1]

Oh oh, she's up in this place
How should I act now gotta, keep it real
So I make my way over to where she is
About to tap her shoulder then there he is
Slowly touching your hair, whispering in your ear
My Ex, babe
Had to 360 turn, had to let it burn
And get out of here, my baby

[Chorus]

Girl I know that I'm your x, in your life
And I know that someone's next, in line
But this pain is killing me, inside
And I know that I will cry, tonight

Girl I know that I'm your x, in your life
And I know that someone's next, in line
But this pain is killing me, inside
And I know that I will cry, tonight

[Versus 2]

Said I'm at the bar
Drinking and thinking while watching you from afar
All I have is visions of you all up in my head
But it's been six months six days since you been in my bed
Did I let it go, baby I just don't know
Coz I really feel the need to hold and touch you babe
Girl grab your coat just let me take you home right now
Hush don't say a word

[Chorus]

Girl I know that I'm your x, in your life
And I know that someone's next, in line
But this pain is killing me, inside
And I know that I will cry, tonight

Girl I know that I'm your x, in your life
And I know that someone's next, in line
But this pain is killing me, inside
And I know that I will cry, tonight

[Bridge]

Oh oh, oh oh

Girl I see he makes you smile and then I'm wishing you
were mine again

Oh oh, oh oh

While I'm sipping on this wine I'm reminiscing all the
good times

Oh oh, oh oh

When I'm thinking 'bout your touch and the pain just
gets too much it's got me saying

And it's just too hard to fight the feeling

[Chorus]

Girl I know that I'm your Ex, in your life

And I know that someone next, in line

But this pain is killing me, inside

And I know that I will cry, tonight

Girl I know that I'm your x, in your life

And I know that someone next, in line

But this pain is killing me, inside

And I know that I will cry, tonight
