Where is the love we used to know,
How did we lose it, where did it go?
We had a love to last all time,
Nobody's love was stronger than mine.
Where is the love we used to know,
Where did it go, how did we lose it,
Where did it go, how did we lose it?

What am I gonna do, to stop these tears from falling,
I lie awake at night and I can hear you callin'.
What am I gonna say, when our friends ask about you,
I guess I'll just pretend, I'm better off without you.
I look in the mirror and I see a broken man, it's such a
sorry sight to see.
Now we're not together, who's gonna make my plans?
It don't make any difference to me, baby.

Where is the love we used to know,
How did we lose it, where did it go?
We had a love to last all time,
Nobody's love was stronger than mine.
Where is the love we used to know,
Where did it go, how did we lose it,
Where did it go, how did we lose it?

How can I find my way, without your love to guide me,
I stop and close my eyes, and feel you deep inside me,
How can I face the world, when there's no way to find
you,
You took your love away and closed the door behind
you,
What good is tomorrow when nothing's right today,
I can't stop holdin' on to you.
All I got are memories that brings back yesterday,
When all that I believed in was true, baby

Where is the love we used to know,
How did we lose it, where did it go.
We had a love to last all time,
Nobody's love was stronger than mine.
Where is the love we used to know,
Where did it go, how did we lose it,

Where did it go, how did we lose it?

Where is the love...
