"Days Turn Into Nights"

Visit "[Days Turn Into Nights](#)" on MotoLyrics.com

One by one the days turn into nights
I pretend you're still with me and all is right
Wake up to the dawn
This spinning sphere we're standing on
One by one the days turn into nights
Into night

One by one the days turn into nights
Sky and sea collide like cosmic city lights
Wake up to the dawn
This spinning sphere we're standing on
One by one the days turn into nights
Into night

You don't have to be alone anymore

(It's just a dream)

Ready or not there goes the sun
Another day over and done
Ready or not there goes the sun
Another day what have I done

You don't have to be alone anymore
