Who could have foreseen this moment all so strange?
The sky's colors change, goodbye is all it means,
goodbye

After all these years you've spent here with me, with
your hands
all shivering still all the while
Never thought that I might be a memory, just a photo
was sent a
smile, just a smile

Who could have foreseen this moment all so strange?
The sky's colors change, goodbye is all it means,
goodbye

Even if I can't (?), (?)
A tender touch that's lost so long ago, (?)

Who could have foreseen this moment all so strange?
The sky's colors change, goodbye is all it means
Who could have foreseen this moment all so strange?

This moment all so strange... so strange... so strange.

After all these years you've spent here with me, with
your hands
all shivering still all the while
Never thought that I might be a memory, just a photo
was sent a
smile, just a smile

After all these years you've spent here with me, with
your hands
all shivering still all the while
Never thought that I might be a memory, just a photo
was sent a
smile, just a smile

Who could have foreseen this moment all so strange?
The ocean's colors change, goodbye is all it means
Who could have foreseen this moment all so strange?
The sky's colors change, goodbye is all it means,

goodbye
