Something fearless in your eyes  
Something careless about your smile  
Something fragile when you hold your breath  
And when you move, you move right through me,  
through me

Fingertips so gently on my skin  
I'm underwater, I feel the flood begin  
Fingertips so gently on my skin  
You're taking over and over again

Shed your armor, spin your web  
Hypnotize me with the longest stare  
Make your promise or maybe it's a threat  
'Cause when you look, you look right through me

Over again  
Under my skin  
Over again

Fingertips so gently on my skin  
I'm underwater, I feel the flood begin  
Fingertips so gently on my skin  
You're taking over and over again

We're flesh and bone  
Together and alone  
And we're looking for a home

Silver moonlight invades the sky  
Calling gently to the evening tide  
You're unfolding right before my eyes  
And when you move, you move right through me

Under my skin  
Over again

Fingertips so gently on my skin  
I'm underwater, I feel the flood begin  
I'm underwater, I'm underwater
