I wanna change the world, I wanna find my pearl  
I wanna be the one who in the end gets the pretty girl  
Don't wanna be out done, I wanna be second to none  
I wanna be the hero not a zero to everyone

But I'm subtraction by addition  
And I'm a pretty fat magician  
I haven't figured out my mission  
Just another boy with blind ambition

I wanna take the throne and hog the microphone  
I wanna sing the greatest record you will ever own  
I wanna cure or ill and have my face on a dollar bill  
I wanna be the Zen master not that fool up on the hill

I don't want you to sign my petition  
I'm turning up the road to prediction  
I wanna be the new rendition  
Just another boy with blind ambition

It's a feeling in me, it's a feeling in you  
Everyone is trying to find that place that stakes their  
claim

I wanna take the throne and hog the microphone  
I wanna sing the greatest record, you will ever own  
I wanna change the world, I gotta go and find my pearl  
I wanna be the one who in the end gets the pretty girl

But I'm subtraction by addition  
I'm a pretty fat magician  
I'm waiting for the intermission  
Just another boy with blind ambition

I don't want you to sign my petition  
And I'm turning up the road to prediction  
I wanna be the new rendition  
Just another boy with blind ambition

Just another boy  
Just another boy  
Just another boy with blind am

Just-just-just another boy with blind am  
Just-just-just another boy with blind ambition

It's a feeling in me, it's a feeling in you
