Weak minds  
In confusion  
Ritually raped  
By the servants of delusion

Disciple-eyes  
Make truth out of lies

Empty lives  
Faithfully blind  
Easy preys  
To the looters of minds

Disciple-eyes  
Refuse to see  
Twist and make believe

Burn the pages  
Destroy the myth of Christ  
Silence the preacher  
Seal the lips of lies

Holy lies, polluted minds  
Lobotomy of a different kind

Disciple-eyes  
Refuse to see  
Fake reality
