Take the easy way out and I'll meet you at my roof  
Making intimacy is an art form of mine  
Say hello, say goodbye, say whatever I'm feeling  
Fingers crossed, there's no point in these lies  
Cos you're getting nothing, cos everything's lies  
Don't be scared in the morning  
Just be scared for tonight  
Lonely girls live along there  
They wish  
They dream

Hanging out of my window I don't at the weekend  
Onion badges the worst cherryade it's alright  
These are times I can't see now what we have to get  
It's not crass, I'm not talking of doves  
It's just I'm afraid I forgot what I love  
Don't be scared in the morning  
Just be scared for tonight  
Lonely girls live along there  
They wish and they dream but they live in us fly

No I won't be your friend and I'll die if you're right  
I've had friends who are shy  
But I don't count on views  
I'm not heaven, you are  
Silver coins land on the floor

I don't know if you're right or you're wrong, oh I don't  
care  
Let's go out for the night, get some chips in the car  
Tell me what you've been reading the day and the TV  
Make me laugh for a while when I fret  
Then let me remember, I cannot forget  
Don't be scared in the morning  
Just be scared for tonight  
Lonely girls live alone here  
They wish and they dream but they live in us fly

No I won't be your friend and I'll die if you're right  
I've had friends who are shy  
But I don't turn the views  
I'm not heaven, you are

Silver coins land on the floor
