"Holly Would"

Back when I was in high school
I was lookin' for it all the time
Until I met this sweet young thing
And she could see what was on my mind
And girls used to tease me
And say "well I don't know if I should"
But I never really cared that much
Cause I knew that Holly would

And Holly would drive me crazy
Holly would get it on
And Holly would love to please me
Holly girl where have you gone

She brought me to her side and said
"Myles, I don't wanna cause a scene
But come with me and I'll show you boy
What 7 Up really means"
She wasn't all that pretty
And the fact is she was a mess
But she had the right attitude
And I liked Holly best

And Holly would drive me crazy
Holly would get it on
Holly would love to please me
Holly girl where have you gone, yeah

She'd come into the school yard
To show you a better time
She'd let you smoke her cigarettes
And she always had some wine
She was really somethin'
The fact is she was a mess
But she had the right attitude
And I liked Holly best

And Holly would drive me crazy
Holly would get it on
And Holly would love to tease me
Holly girl where have you gone
Holly would drive me crazy

Holly would get it on
And Holly would love to tease me
Holly girl where have you gone
