Well the first thing I remember, was the way  
She smiled  
And the way she looked at me, drivin' me wild  
She was dressed to kill in her five inch  
Heels, her painted  
On satin pants  
She had the look of need, like, give it to me,  
I decided I  
Should take a chance

If you see Kay, tell her I want her  
If you see Kay, tell her I need her  
If you see Kay, tell her I want her now

Her legs were long shapely, I could see her  
Love was hot  
And when it came together, she'd give you all  
She's got  
She had the walk of a woman on fire, her eyes  
Undressed  
My mind and soul  
I woulda gladly bet my last ten buck, in love  
She'd lose  
Control

If you see Kay, tell her I want her  
If you see Kay, tell her I need her  
If you see Kay, tell her I want her now

I had her in my dreams, three times every  
Night  
Her love was so complete, her love was warm  
And right  
When I wake up in the morning, with this  
Achin' in my  
Heart  
You can bet the need I'm feelin', is only just  
A start  
I felt the pressure risin', when I looked  
Where she had been

By the time I gave up hope, she'd probably

Fall in love  
Again

If you see Kay, tell her I want her  
If you see Kay, tell her I need her  
If you see Kay, tell her I want her now  
If you see Kay (if you see Kay), tell her I  
Need her  
If you see Kay, tell her I need her  
If you see Kay, tell her I want her now  
If you see Kay, tell her I want her  
If you see Kay, tell her I need her  
If you see Kay, tell her I want her now
