Baby let's move cause you know that the light here
Really hurts my eyes
I come from a world where the light is dim
And the people not so jive
So fine, you know it's gonna be
So come on, come on, come on, come on baby
Come on if you want it to be

Oowatanite, everything 'll be alright
Come on, come on, love me tonight
And I'll be yours till the sun comes up

Ooh baby, you know the time is right
We are the light of two foreign ships, passing in the
night
So fine, you know it's gonna be
So come on, come on, come on, come on baby
Come on if you want it to be

Oowatanite, everything will be alright
Come on, come on, love me tonight
And I'll be yours till the sun comes up, again

Oowatanite, everything 'll be alright
Come on, come on, love me tonight
And I'll be yours till the sun comes up

Ooh baby, don't hang me on the line
Life don't wait if you hesitate, come on quit wasting
time
I know, you wonder if it's right
I just need a straight-shootin' woman to get me through
the
Night
So come on, come on, come on, come on baby
Come on if you want it to be

Oowatanite, everything 'll be alright
Come on, come on, love me tonight
And I'll be yours till the sun comes up, again
