She's got a blind smile and a soft touch
A cute little dimple when she laughs too much
They say you fall hard when you meet her
Such is her allure

She's got a quick wit and a fast tongue
But she doesn't seem to know that she's the one
They say she cheats charm when she whispers
She's devilishly pure

You'd see if you knew her
She doesn't know
But it's time I told her so

CHORUS

When I see your blushes
From a compliment of mine it touches
Something inside I'm getting rushes
The adrenaline rushes
And I'm fascinated
That you really don't know how to take it
When I look at you that way you feel naked
And I'm so into you
I'm getting rushes

She's about five nine
Got a sexy stride
With long tanned legs that she shouldn't hide
With a fine air of innocence
Nonchalance in every move
She's a sweet sensation tease temptation

She looks good enough to eat
She's a fallen angel with a devilish streak
And so they say
Like with like will finally meet

You'd see if you knew her
She doesn't know
But it's time I told her so

CHORUS

And I like it and I want more
And I like it and I want more
And I like it and I want more
Never felt it like this before

It's more than adrenaline rushes
It's the touch and the smell of skin rushes
Some call it "love at first sight"

I call it "butterflies" (I call it butterflies, I call
It
Butterflies)
