I felt something was wrong  
A wave of hate sweeping over me  
I saw the anger and pain  
I saw her world  
The silence around us swelling  
With all the memories flooding back  
The bubble burst  
She was who I was

All that's in me  
I'm broken hurt rejected  
It's all she's got  
She thinks that he is all that she's got

I knew that face, that hollow stare  
My tears were in her eyes  
I knew that cold, I know it so well  
It echoed through my mind  
I know I can't turn back now  
I can't erase these wounds  
I walked away with  
Her painful truth

Yeah sure it was the last time  
And I know it sure wasn't you  
'Course you don't remember a thing  
These tears are honest, too  
I know what you're gonna say  
Your every word is false  
You're all fake  
Not this time, no  
You won't trick me no more  
I'm leaving I'm leaving

All that's in me  
I'm broken hurt rejected  
The nightmare is back now  
Back to a world I can't predict

Just like her I hoped for a change  
I thought that I was strong  
There was no pain I couldn't take

Now I know I was so wrong  
Fighting not to be alone  
Holding tight to my blind faith  
Together we would fall  
Now I know my mistake

Everything I say to you  
Will seem banal and cliché  
Breaching the boundaries  
Of the closeness we fake  
So how is this for obvious  
All's fair in love and war  
Make sure the love is great, though  
And what if it's not there  
We're not there  
That's all

All that's in me  
I'm broken hurt rejected  
It's all she's got  
She thinks that he is all that she's got

All that's in me  
I'm broken hurt rejected  
The nightmare is back now  
Back to a world I can't predict
