Taking on the ous me,
They can do it then
Everything we add is there.
All the things you don't mean,
You won't get my big tea.
There's nothing you could do it then,
If you think that I might take you back,
Well, you don't know me.
I don't need you, go and find it
If you ever looked so real,
I don't want it, I don't need it.
In case it never taste so sorrow
Touch it never sound so sweet,
Get feeded, soon you'll be...

Don't care if I disrespect,
Is someone's they ever ment, oh
Just stop if we ever met,
Oh oh, it's time to walk away,
No one see me get up, set
Is someone's they ever ment, oh
Just stop if we ever met,
Oh oh, Oh oh, oh oh!

Sitting on my couch now,
Sipping on your regrets,
I don't hear a thing he says
And I don't give a damn, no.
I'm quiting these crowns down,
Nothing I can do it then,
Why you wanna make me beg?
You don't understand now!
I'm taking back all my powers
Nothing ever taste so sweet,
Get feed up to your pieces.

Don't care if I disrespect,
Is someone's they ever ment, oh
Just stop if we ever met,
Oh oh, it's time to walk away,
No one see me get up, set

Is someone's they ever ment, oh
Just stop if we ever met,
Oh oh, oh oh!

Oh, I'd like to kick you down,
Oh, die another day.
Baby baby, you're my sweet baby.
How I let you alone, no one home,
Remember me, you remember you?
I'm over you!

Don't care if I disrespect,
Is someone's they ever ment, oh
Just stop if we ever met,
Oh oh, it's time to walk away,
No one see me get up, set
Is someone's they ever ment, oh
Just stop if we ever met,
Oh oh, oh oh!
