(feat. Kcat)

Don't need to think to hard,  
About what to say to you,  
Words come so easily,  
Because what I say is the truth,  
You don't need to worry about me,  
I don't need nothing but you and you know it,  
Baby, I would give you anything

Feels like you was someone I knew  
Could have sworn we met before  
Feels like in the past that history  
Maybe your just my destiny

Feels like you was someone I knew  
Could have sworn we met before  
Feels like in the past that history  
Maybe your just my destiny

There's no one else I know that knows me better then  
you  
Got an effect on me change me for the good  
If I had never met you the way I feel I wouldnd not know  
how to show it

You brought out the best in me

Feels like you was someone I knew  
Could have sworn we met before  
Feels like in the past that history  
Maybe your just my destiny

Feels like you was someone I knew  
Could have sworn we met before  
Feels like in the past that history  
Maybe your just my destiny

Your giving me more then I could ever dream  
Your inspirational to me your my destiny we are ment  
to be

Feels like you was someone I knew  
Could have sworn we met before  
Feels like in the past that history  
Maybe your just my destiny

Feels like you was someone I knew  
Could have sworn we met before  
Feels like in the past that history  
Maybe your just my destiny
