I feel a stranger in this land  
Where every step the Gods command  
I breathe

And children wander fatherless  
Through fields that spent their happiness  
I grieve

Take them away to a higher place  
Give me a day 'cause I'm losing

And I've never felt so alien  
Yes, I've never felt so alien  
And I've never felt so alien  
Yes, I've never felt so alien

I feel danger every day  
With every stone we throw away  
Careful it's falling

And who will sing a different song?  
I hope to God it won't be long  
Believe

Show me a way to a higher place  
Why is there sunshine on my guilty face?

And I've never felt so alien  
Yes, I've never felt so alien  
And I've never felt so alien  
Yes, I've never, no, no

I've never felt so alien  
Yes, I've never felt like this  
And I've never felt so alien  
Yes, I've never, never, never

Yes You are brighter than the sun  
Only Your love can make us one  
Jesus You're brighter than the sun  
Only Your love
