Did I tell you it was wine when really it was water?  
I walked upon the wine, it went to my head and I  
faltered  
I've tried to heal your bones, I've tried to tell your future  
Maybe I should just call up my friends and play some  
music, be myself

Well, I've been thinking about what do I and say  
To climb my way down this ladder, keep me from flying  
away  
Well, if there's a preacher here, come on, will you  
preach the truth?  
I want to know more about Jesus, yes, I do

All I want is You  
(All I want is You)  
All I want is You now

All I want is You  
(All I want is You)  
All I want is You

Did I tell you it was fine to come and question nothing?  
To look upon the sign as the answer to it all  
Oh, why do I feel poor? Why do I feel nervous?  
I think it's time to put on my God shoes  
And do what I'm here for, raise the flag again

All I want is You  
(All I want is You)  
All I want is You now

All I want is You  
(All I want is You)  
All I want is You, yeah

All I want is You  
(All I want is You)  
All I want is You now

All I want is You  
(All I want is You)

All I want is You

Can I be free from the chains of my religion?  
They wrap around my head and they blind my eyes of  
faith  
I feel dangerous 'cos I hunger for the truth  
This tight rope's swinging high, no turning back, teach  
me to fly

All I, I want is You, yeah  
All I, I want is You, yeah

All I want is You  
All I want is You now  
All I want is You  
All I want is You now

All I want is You  
All I want is You now  
All I want is You  
All I want is You

All I want is You  
All I want is You  
All I want is You now

All I want is You  
All I want is You  
All I want is You now  
All I want is You
