Open up the gates of love  
Turn the tide and stop the flood  
You've got my heart now, got my soul.  
So who is my neighbor? Where's the love  
That speaks for those our world has lost?  
It's every heart now, every soul.

We are one, when our beating [bleeding] hearts belong  
And our love can be the revolution.  
That sees your kingdom come.

Yeah.

God is smiling over us tonight  
God is smiling over us tonight  
Where hearts are broken, love unites  
God is smiling, God is smiling over us tonight

So we must cross the great divide  
Of color, creed; of wealth, and pride  
Break our hearts and save us all  
So can we sing a brand new song  
Where former enemies belong?  
It's every heart now, every soul.

We are one, when our breathing [bleeding] hearts  
belong  
And our love can be the revolution  
That sees your kingdom come

God is smiling over us tonight  
God is smiling over us tonight  
Where hearts are broken, love unites  
God is smiling  
God is smiling over us tonight...

Hey.

Who-o-o-ho  
Who-o-o-ho  
Who-o-o-ho

Because you are the centre  
You are the centre  
You are my centre

God is smiling over us tonight  
God is smiling now we're one tonight
